

<b>On-Call Schedule Survey</b>		
<b>Report:Response Summary Report</b>		
Date Run: Apr 26, 2007 10:29		
<b>1. Does your department use an online schedule? (i.e. schedules posted on intranet or internet)</b>		
Value	Count	Percent
No	6	50.00%
Yes	6	50.00%
Total Responses:	12	
<b>2. If yes, what program does your department use?</b>		
Value	Count	Percent
AMION	4	66.67%
Sequel	1	16.67%
Lightning Bolt	1	16.67%
Total Responses:	6	
<b>3. If no, how is the schedule distributed and updated?</b>		
Value	Count	Percent
No need	1	16.67%
Coordinated by Chair Admin Assistant, in collaboration with Clinic Manager. Distributed by email, on the server shared drive, and by paper copy	1	16.67%
The schedule is distributed by email and updated via an excel spreadsheet. We also have an access database that tracks physician call payments.	1	16.67%
By hand,,,after faculty submit requests	1	16.67%
We have two separate home-grown programs that generate reports, which are distributed by e-mail. Some schedules are on the internet.	1	16.67%
email	1	16.67%
Total Responses:	6	
<b>4. Who is administratively responsible for the schedules? (distribution only, not actual assignments)</b>		
Value	Count	Percent
Other	4	36.36%
Chair's Office Staff	3	27.27%
Resident	2	18.18%
Divisional Office Staff	2	18.18%
Total Responses:	11	

<b>5. Any additional comments/suggestions:</b>		
<b>Value</b>	<b>Count</b>	<b>Percent</b>
We actually have a faculty member in charge of faculty schedule, Chief Resident in charge of residents, Chief CRNA in charge of CRNAs. Administrative staff enter data if needed.	1	11.11%
We are piloting Docroster Program ( <a href="http://www.docroster.com">www.docroster.com</a> )	1	11.11%
We are very interested in finding an automated/online process so have great interest in this project.	1	11.11%
The Pediatric Residency Program uses AMION for resident call schedules. Only the hospitalist and general attending call schedules are included on AMION. Other divisions fax their attending call schedules to be posted in the resident call suite.	1	11.11%
The distribution of schedules is handled by our academic secretarial office. We do not have divisional office staff, but staff a centralized academic office for the department.	1	11.11%
resident schedule is online, department schedule/rotation (faculty and resident)is posted on intranet thru dept exchange server however hardcopy is distributed by a div secretary monthly	1	11.11%
To request a consult from the attending on call, we go through the Hospital Operators	1	11.11%
We could use a better way. A secretary actually does the scheduling based on faculty requests and approved by a Faculty member. Since it involves two hospitals...it take quite a while.	1	11.11%
We are also looking for other software solutions. Please send me a copy of the results. Thanks!	1	11.11%
